#### FARMING

Sustainable farming practices

#### WINEMAKING

Hand-harvested, fermented in temperature controlled stainless steel

#### AGING

15 months in 40% new oak and 60% in barrels used 1-3 times

#### TECHNICAL INFORMATION

13% Alc. |

Domaine Marguerite Carillon's 2018 Savigny Les Beaune 1er Cru 'Les Lavières' is Savigny Les Beaune at its finest. A region renowned for its soft, round, looser wines full of charm and plump red fruit, this cuvée is made with this full expression in mind. Its ruby red color delivers red cherry aromas with the echo of woodsmoke. With each sip, it will deliver a mouth watering combination of fruit, smoke, and a hint of vanilla that is all packaged divinely in its smooth, medium body. The finish is warm until it graduates into an undeniable freshness.

Burgundy's 2018 season began with a mild winter and left into a hot and dry summer. By August, harvest was rushing into view with the vines slowly showing how parched they had become. 2018 gave Burgundy historically high yields for their white wines with a sense of charm and balance carrying throughout them all.

These Pinot Noir vines are planted in a clay-limestone soils of 'Les Lavières' with a southern sun exposure and are managed with sustainable farming practices only. After hand-harvesting, the fruits enter a tradition vinification process in temperature controlled stainless-steel vats. After a cold maceration and long fermentation period where pigeages and pumping overs are performed, the cuvée is then aged for 15 months. Oak mainly sources from the Vosges region is used, 40% new, 60% that has been used 1-3 times before.

#### ACCOLADES

2018 Wine Enthusiast – 91 Points

*"A distant touch of woodsmoke accompanies red-cherry fruit on the nose of this wine. That smoke and fruit combination, aided by a little vanilla, also characterizes the smooth, medium body. The ripeness of 2018 lends a warm finish, uplifted by freshness."* -W.E.
